## Lady Antebellum Headline Concert For The UCSF Benioff Children's Hospital

Lady Antebellum headlined The Concert for UCSF Benioff Children's Hospital on Thursday, September 20 at the Bill Graham Civic Auditorium in San Francisco, California.

The event raised funds that will go toward the construction of a new home for the Children's Hospital. It is described as "part of a 289-bed integrated hospital complex for children, women and cancer patients. Upon opening on February 1, 2015, the 183-bed children's hospital will set a new world class standard for patient- and family-centered health care, safety, sustainability and translational medicine."

In addition to a performance from Lady A, guests were treated to the comedy of Dana Carvey and a post-concert party at San Francisco's City Hall featuring MC Hammer spinning records for the party goers.

The sold out show raised \$4.5 million for the new Hospital.
